

THREE FORKS AREA WINTER 2018 STEWARDSHIP EVENT

Saturday February 24 10 AM to 2 PM

Join us as we continue to help restore the Three Forks Area!

Learn about native plants with the Snoqualmie Indian Tribe while getting a chance to plant trees and shrubs to help establish a new riparian forest! Our goal is to restore the area to improve habitat for fish and other wildlife for many generations to come.

What to Bring: Dress for the weather and bring boots or shoes you don't mind getting muddy. Bring a lunch and water. Tools and snacks will be provided.

To RSVP or for more information contact:
Eric Davies
